## CONTROL OPTIONS

Our broad range of controls make finding a fit for your home even easier; controlling the curtains by hand, remote or even by building automation system. With the remote you can control the curtains in any position you like. Controlling the motorised rod system by your smartphone or tablet, you can create and schedule customized room scenes that allow your curtains to operate on their own throughout the day.

### FOREST WIRELESS CONNECTOR

The Forest Wireless Connector is an easy way to make the motorised rod systems 'smart'. This wireless remote solution works in combination with an analogue timer or a smart plug with which services as Apple HomeKit or Google Assistant become available. With the Forest Smart Plug it is possible to control by the Forest Connect app. The Wireless Connector is also easily incorporated into most popular building management systems, including dry contact controls.

### FOREST DIAMOND SENSE REMOTE

15 Channel Remote control, possibility to control up to 15 systems individually and in group by integrated timer function or manual. Auto-On mode, when holding hand above it, the integrated LED light will automatically come on. Radio control, range up to 30 meters. Including magnetic wall support.

### BUILDING AUTOMATION

The MRS® system can be connected to any Building Automation system, by relay control.

### HOTEL CONTROL

The MRS® system can be connected to any Hotel Automation system, by relay control.
